Intense Excitement Follows Shooting of Mexican Officer By Americans.

Heavy Guard of United States Troops Is Maintained at the El Paso Side of the Bridge While Officials Over the Line Prevent Any Demonstration Against Foreigners on South Side of the Border

[BY A. P. NIGHT WIRE TO THE TIMES.]

EL PASO (Tex.) Sept. 7.—Official investigation to the Mexican Foreign office. The heavy guard of United States troops is still maintained at the two approaches to Juarez from El Paso, although Gen. Hugh L. Scott's orders of Saturday night for all officers and men to remain at quarters were rescinded today.

Federal officers in Juarez did not claim the body of Acosta, although they had asked permission for its removal to Juarez after the shooting. The body was quietly buried here today.

United States immigration Inspector T. N. Helfferin and Customs Officer T. P. Jones, charged with the shooting of Acosta, will be given a preliminary hearing Monday.

A courier arriving here today from Casas Grandes, where Gen. Francisco Villa and his rebel forces were camped three days ago, brought messages to the rebel junta of this city which stated that the plans to attack Chihuahua City had been abandoned.

Villa is moving northward toward the border with all of his force. Gen. Carranza, who conferred with Villa south of Chihuahua, is reported to be moving towards Sonora with a small body guard in an attempt to pacify the Yaqui Indians who are threatening to revolt against both rebel and Federal forces if the Yaqui territory is not divided up among the Indians.

## MASONS AT CANYON RIM FOR UNIQUE CEREMONIES.

Master Workmen from All Parts of Country Join the Phoenix Lodge to Confer Degrees in the Colorado's Titanic Gorge—Will Descend on Bright Angel Trail at Daybreak This Morning.

[BY DIRECT WIRE TO THE TIMES.]

GRAND CANYON (Ariz.) Sept. 7.—[Exclusive Dispatch.] The special communication of the Arizona Lodge from Phoenix has brought 150 Masons here from all parts of the State. A special train from Phoenix arrived at 10:30 o'clock with 200 aboard the solid Pullman train, the largest that ever left Arizona's capital city.

At daybreak, Monday morning, the first party will go down the trail for the final preparation of the lodge. The main body follows at 7 o'clock. Several candidates are to receive the Entered Apprentice and Fellowcraft degrees on the first day down in the canyon. Next day, Tuesday, the Master Mason degrees will be conferred at Hopi Point on the rim of the canyon.

The Rev. Bartland Cocks of the Episcopal Church at Phoenix, will be aided by Worshipful Master A. A. Bell, who has also raised during his year of office the Rev. J. W. Atwood, Episcopal Bishop of Arizona, and Dean William Scarlett, rector of the Episcopal Church at Phoenix.

The Grand Master and other officers of the Grand Lodge of Arizona, are present. Delegates are also in attendance from all parts of the country. C. N. Boynton comes from Bradford, CL. represents Wilcox's son Lodge.

ON BRIGHT ANGEL TRAIL.  
The trail to the river used by the Monacan pilgrims is that known as the Bright Angel, though Bright Angel Canyon really is on the north side of the gorge. It drops by zig-zags down the face of a precipitous limestone cliff for 400 feet and thence proceeds more evenly to the camp at Indian Gardens, three and one-half miles from the summit. Thence the river is about three miles distant, most of the way down Pipe Creek Canyon, into which flow the waters of Indian Garden Creek. This Bright Angel trail has built in 1890 by Ralph H. Cameron, then a Colorado country gentleman, but later Congressman from Arizona and Republican candidate for Senator at the first State election.

He has spent many thousands of dollars upon the trail, which is the only one open for saddle use to the river for a distance of fifty miles along the trail.

## PROFITABLE PUBLICITY.

A newspaper's value as an advertising medium is necessarily measured by its circulation. Circulation, however, involves the character and buying capacity of a paper's readers, and means more than mere distribution.

There is probably no other city in America in which one newspaper so completely outclasses its contemporaries in both quantity and quality of circulation as does The Times in Los Angeles. This journal is not turned to by its subscribers for momentary amusement, as is the case with many other newspapers, but it is read regularly and believably by the rank and file of our citizenry, and is an important factor in the life of the majority of the respectable, thinking, earning, industrious and buying men and women within the radius of its circulation.

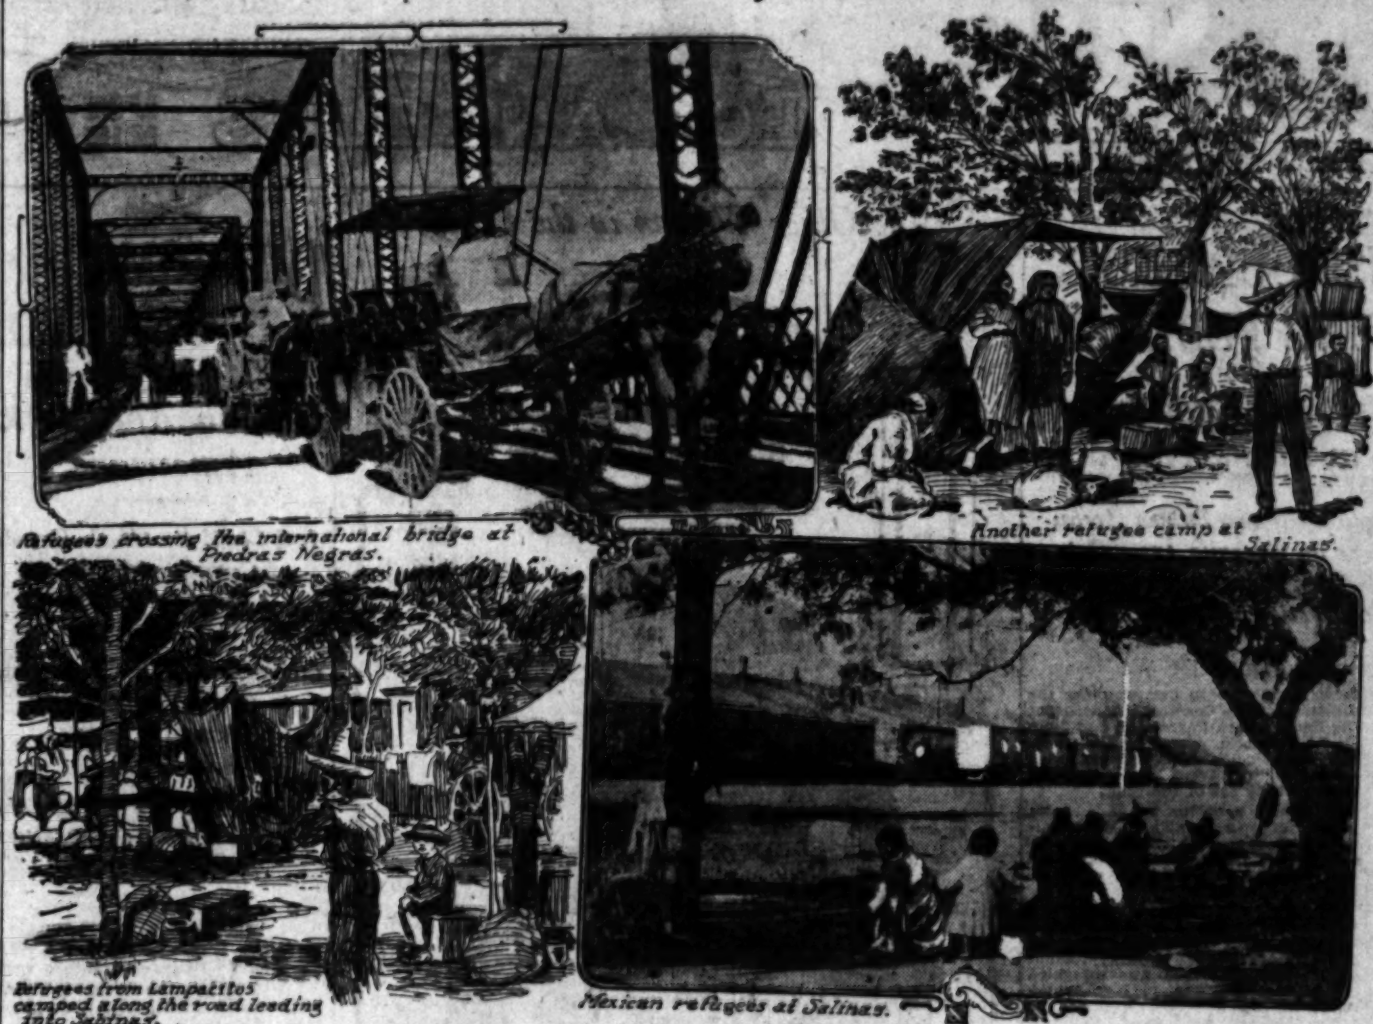

The Times does not issue a Sunday paper Saturday night, send incomplete editions to out-of-town points, misbrand its editions or resort to any other subterfuge to deceive its advertising patrons, or make its circulation appear to be larger than it actually is.

The Times' circulation figures are based on the number of copies that go to bona fide subscribers, and advertisers who desire to reach the maximum number of buying readers at a minimum cost cannot afford to ignore its pre-eminent value as a publicity medium.

The Times' tremendous popularity, and the probabilities of its columns to its advertising patrons, are attested by the fact that it regularly prints a greater volume and a greater variety of liner and display advertising than any other newspaper in the world.

The Times covers the richest of all fields for the advertiser with less waste in its circulation than any other medium, and no advertising campaign can be conducted in Los Angeles and Southern California at the right proportion of cost to results without using its columns.

Constitutionalist Leader Will Meet His Chiefs in Coahuila, His Home State, Within a Week.

[BY A. P. NIGHT WIRE TO THE TIMES.]

EAGLE PASS (Tex.) Sept. 7.—Gen. Venustiano Carranza, Constitutionalist leader, will hold a conference with his chiefs in his home state, Coahuila, within a week, it was announced by a courier yesterday. The meeting place is kept secret. Gen. Carranza has been fighting in the neighborhood of Torreon during the last two months.

Wilson's Envoy for First Time Since His Arrival Spends Night On Mexican Ship.

[BY A. P. NIGHT WIRE TO THE TIMES.]

VERA CRUZ, Sept. 7.—For the first time since his arrival, President Wilson's personal representative, John Lind, did not spend the night on Mexican soil. He is the guest of Rear Admiral Fletcher, aboard the Louisiana, but expects to return tomorrow.

Mr. Lind is still waiting for instructions from Washington of some development of the Mexican capital that will enable him to take up the negotiations again. Reports received by him from Mexico City, however, are such as would indicate little likelihood of their immediate resumption.

Obregon Persuades Part of the Yaqui to Return to the Constitutionalist Standard—Shipplasters Are Displacing Silver Coin in Sonora.

[BY DIRECT WIRE TO THE TIMES.]

NOGALES (Ariz.) Sept. 7.—[Exclusive Dispatch.] Rebel Chief Ramon Yturbe has been arrested and placed in the Hermosillo jail for having permitted his force of 800 men to be shattered at Tren Gitos by a Federal outpost of 150 men day before yesterday.

A rebel statement has been given out that Commander-in-chief Obregon has made a journey to the Yaqui country and brought back the Yaqui who had deserted, with the exception of Yaqui Chief Sibaulame and his force.

There is no truth in the story daily circulated that after two days pounding by the waves the Mexican gunboat Tampico became disabled and is harassed by rebels in small launches and fishing boats.

As a result of the rebels issuing shipplasters or "blimbies," the greater part of the silver coin in Northern Sonora has gone out of circulation, being hoarded and banked by those who have been able to exchange their paper money into silver. The issue of the flat money may result in further widening the breach between the two political factions in the State, as the Pequeña faction practically control the entire receipts of export and import duties. The issue of paper money is guaranteed by receipts of the political faction that is opposing him.

The rebels are charged because they are unable to ship out of Sonora quantities of confiscated "chick peas," the Federalists having destroyed the rail line between Cruz de Piedra and Maytorena Station.

BRITON APPEALS TO COL. SIBLEY.

[BY DIRECT WIRE TO THE TIMES.]

EAGLE PASS, Sept. 7.—[Exclusive Dispatch.] Richard Marshall, an Englishman, and Frank James, an American, called upon Col. Sibley at Eagle Pass today and requested that the American army be sent over to Mexico to compel the Constitutionalists to open their lines to Americans desiring to enter Mexico. James is a wealthy merchant of Monclova and with Marshall was excluded on account of alleged irregularities in buying cattle from the Constitutionalists and also on the charge that they are interested in Mexican politics.

Jefe de Armas Calandás asserts that President Wilson's order to Americans to leave Mexico justifies the Constitutionalists in refusing Americans the right to cross the lines. Instead of sending his soldiers into Mexican territory Col. Sibley declared that the question was outside his jurisdiction and he could do nothing.

The case was then reported to the State Department at Washington and the British Ambassador will be asked to use his influence in forcing the Carranzistas to allow foreigners to cross into Piedras Negras without a pass from the military authorities as now required. The incident increased the violent army staff at Piedras Negras and it is feared that the Americans will be subjected to difficulties in obtaining the coveted permission. Those having property interests in Mexico and who are excluded believe that they will suffer great losses unless the order is rescinded.

OJEDA DRIVES REBELS.

Sonoran Army After an Engagement at Ortiz Is Forced to Abandon Its Position.

[BY A. P. NIGHT WIRE TO THE TIMES.]

DOUGLAS (Ariz.) Sept. 7.—According to reports received here last night, the state army is falling back after an engagement with Gen. Ojeda's forces near Ortiz. Under a fire of machine guns, the rebels were forced to abandon their positions at Maytorena and the Federalists contemplate making that place a supply base.

Ojeda's men, says the report, are advancing northward, driving the state forces before them. Ojeda plans to recapture border points, taken several months ago by the rebels.

## HUERTA IS NEGOTIATING FOR A DIRIGIBLE AIRSHIP.

State Department Is Asked to Determine Whether Nevada Company Will Be Allowed to Make the Sale. Federal Generals Sent to the Front to Prevent Plotting Against the Provisional President.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Sept. 7.—The State Department has been asked to determine whether a Nevada company can sell the Huerta government a dirigible airship without violating the neutrality act which forbids the exportation of "munitions of war" into Mexico. The question has not been passed on, but officials here pointed out that an airship for use in the Mexican Federal campaign clearly fell within the definition of "munitions of war."

The department announced tonight that shipments of dynamite and other explosives needed for working the great mines in Mexico will be authorized as heretofore.

Every precaution will be taken by the government to guarantee that none of the explosives permitted to be shipped from the United States will be diverted from industrial uses. It is understood that President Wilson also will authorize the exportation of limited quantities of arms for Americans in Mexico to use for self-defense.

O'SHAUGHNESSY'S DISCLAIMER.

The published disclaimer on the part of Nelson O'Shaughnessy, American Charge d'Affaires at Mexico City, that any positive assurances had been given him of the intention of Victoriano Huerta not to be a candidate in the approaching elections, was not surprising here as Washington officials relied only on the repeated emphasis by Federico Gamboa, Mexican Minister of Foreign Affairs, of the statement that Huerta was ineligible by the Constitution to succeed himself.

The story that Trevino would be appointed to the Cabinet and Gen. Blanquet, the present Minister of War, sent to the front, is in line with various reports that have reached here of the alleged infidelity of some of Huerta's military chiefs. When Huerta recently issued an order redistributing his generals to various frontier parts of Mexico, the move was interpreted as of a military character only, but since then officials have been led to believe that Huerta fears the instigation of plots and intrigues among his generals and is moving them about to prevent any concerted action against him.

BLANQUET'S TRANSFER.

Gen. Blanquet was the right-hand man of Huerta in the days just preceding the overthrow of Madero. The War Department received a report of the killing of Gen. Acosta, a Mexican Federal officer, by American immigration agents at El Paso, Tex. The report confirmed press dispatches of the incident, stating that Acosta was killed after he had crossed to American territory and fired on the Americans.

The affair is in the hands of the civil authorities at El Paso, though the immigration Department here would make a careful inquiry into the occurrence.

ADVISES WILSON TO BACK DOWN.

REINHARDT SAYS HE HAS MADE FALSE MOVE.

Declares Manifested Wishes of the Mexican Nation May Be Expressed at Coming Election and It Would Be Best to Recognize Huerta While Waiting.

[BY CABLE AND A. P. TO THE TIMES.]

PARIS, Sept. 7.—The Temps this morning in its leading article reviewing the Mexican situation, concludes:

"The simplest way out of the perplexities into which the United States has been thrown by a false move would be to confine herself to an attitude of expectant neutrality, at least until the Presidential election in October. The manifested wishes of the Mexican nation, if freely and regularly expressed, will then indicate to the United States a line of conduct better defined than is possible by the attitude of suspicious opposition which American diplomacy is adopting at the present time towards Gen. Huerta."

"It would be best to recognize the provisional Huerta, government while waiting, as the European powers have done, in accordance with the expressed wishes of all the foreign colonies in Mexico. The least trustworthy opinion in Mexico is that Huerta is capable of re-establishing peace and that the work of pacification is making undeniable progress despite countless difficulties. The attitude of the United States, in which the revolutionaries find encouragement, is certainly not the smallest of these."

## BOYS EMBRACE IN DEATH.

Bodies of Youths Who Disappeared in Harelock, Neb., While Hunting Discovered in a Field.

[BY A. P. NIGHT WIRE TO THE TIMES.]

HAYLOCK (Neb.) Sept. 7.—John Rys and Dick Limer, aged respectively 14 and 12, were last night found dead in a field less than two miles from the town, from which place they disappeared last Thursday. They were locked in each other's arms as though having been engaged in a death struggle. Both carried firearms, indicating they may have been hunting, but a superficial examination of the bodies indicated no gunshot wounds.

One theory of the officials is that one of the boys was injured and that the other attempted to carry him, was overcome by the heat and both perished from exhaustion.

Democrats to Jam Reforms Through Congress.

Tariff Bill Goes Back to the House This Week.

Conference Committee Will Finish Up the Task.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
WASHINGTON, Sept. 7.—The program of anti-trust, railroad and currency legislation that President Wilson has become fairly well outlined in the last week. President Wilson and the Democratic leaders in the two houses of Congress apparently have agreed on an ambitious plan of legislative work, which will bring all of the most important reforms contemplated by the Wilson administration within the period between now and the end of the next regular session of Congress.  
The tariff bill will be out of the Senate and in the hands of the conference committee of the House and Senate before the end of this week. This currency legislation promises to dominate congressional activity in a few days. The Senate and House leaders announce that anti-trust legislation and further important measures to the railroad laws are to be among the first and most important subjects taken up at the regular session of Congress next December.  
The currency hearings began last week before the Senate Committee on Banking and Currency have been held. Radical expressions of opinion from many members of the committee, which indicate that the debate and discussion with the House will be a long one, are being made. Any general agreement can be reached to the merits of the administration bill. That measure is to come finally before the House tomorrow or Tuesday, when the bill goes to the Senate.

# Matched Wits With John Lind.

Federico Gamboa.

Minister of Foreign Affairs of Mexico, whose diplomacy has been pitted against that of President Wilson and his Secretary of State. He has succeeded in strengthening Provisional President Huerta both at home and abroad.

Of Course!

# LIND IS PESSIMISTIC ABOUT HUERTA'S FUTURE.

(BY CABLE AND A. P. TO THE TIMES.)  
VERA CRUZ, Sept. 7.—There have been no negotiations recently between Mr. Lind, President Wilson's representative, and Gen. Huerta or any of Huerta's Cabinet, and there appears to be no probability that a reply will be made to Foreign Minister Gamboa's last note.  
The information which Mr. Lind has collected is calculated to convince him that Gen. Huerta is making but little, if any, real progress towards the general restoration of peace and that there is a growing unrest in the capital itself. Congress will convene September 15 and the opinion most commonly expressed to the envoy is that Gen. Huerta will recommend in his Presidential message a postponement of the elections.

Oh, Piff!

# TWO GIRLS BEG THAW TO SHOW HIS FACE.

Hold Aloft Bouquets for Half an Hour at Coaticook, but He Refuses Their Request—Jerome Is Booked for Hearing This Afternoon on Gambling Charge—Stanford White's Slayer Has Only Two Callers.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
COATICOOK (Que.) Sept. 7.—Two girls stood beneath the barred windows of Harry K. Thaw's room for half an hour this afternoon holding aloft bouquets and begging him to show his face. "We want to see you," they cried. "Just come to the window for a second."  
A guard turned and spoke to Thaw but the fugitive refused to show himself.  
Unless a hitch occurs, William Travers Jerome, especially retained by New York State to secure the return of Thaw to Matineau, will appear before District Magistrate Mulvena here tomorrow afternoon to answer to a charge of gambling. His case had been set for hearing on Thursday, but both sides agreed to tonight to advance it, and Jerome announced over long-distance telephone from Montreal that he would be here without failure. He was on the point of leaving for New York under the impression that the case could not be called tomorrow.  
Magistrate Mulvena of Sherbrooke agreed to hear the case, replacing Justice of the Peace James McKee, who signed the warrant for Jerome's arrest and subsequently denounced him.

# ORCHARDISTS ARE BLAMED.

Expert Says They Are Responsible for Citrus Crop Shortage and Not Jack Frost.  
(BY DIRECT WIRE TO THE TIMES.)  
OROVILLE, Sept. 7.—[Exclusive Dispatch.] That the poor care orange orchardists have given their groves this spring and summer is more to blame for the crop shortage than the freeze in the year, is the report that has been made by J. A. Lawrence, president of the Butte County Citrus Association, and others made a minute inspection of the groves of the members of the association during the week.  
Lawrence estimates the crop at 40 per cent. of a normal year's yield. In some of the groves where the trees were not pruned, proper fertilization was not given and haphazard irrigation rules were observed, the crop will hardly be 10 per cent. In other groves where painstaking care was given the crop will be heavy enough to bring the yield in the district to 40 per cent.

# Pale People Are in Peril

Some Form of Nervous Breakdown Always Threatens Them  
Pale people are always nervous. There is a closer connection between blood and nerves than most people know for all the nourishment that the nerves receive reaches them through the blood. That is why Dr. Williams' Pink Pills, known everywhere as a blood builder, have helped so many people with exhausted nervous systems, so many sufferers from neuralgia, sleeplessness, nervous headache and other nervous troubles.  
You will find Dr. Williams' Pink Pills different from other remedies. It is almost impossible to take these pills into the system without getting good results.  
Your own druggist can supply you with the old-time, reliable remedy that builds up the blood and strengthens the nerves—Dr. Williams' Pink Pills.—Advertisement.

prophets say, may come in the doubtful column.  
Roberts does not want to be a candidate for re-election. The present State Treasurer is the leading banker of San Bernardino and it is a financial loss annually to him while he occupies the State Treasurer's berth. He is recognized as the strongest man the Progressives can put up on the ticket, however, and every effort will be made by the administration to prevail on him to run again.  
That a woman is necessary to insure the success of the ticket is the belief of the Progressive leaders. Consequently they have been scouring the Southland for a logical candidate in feminine ranks. There are but two women county superintendents south of Central California. Miss Davidson of Kings and Miss M. V. Lechner of Santa Barbara. By process of elimination Miss Davidson, it is said, has the inside track.  
The ambitions of A. J. Wallace toward the United States Senate are to be curbed and he can be a candidate for re-election as Lieutenant Governor.  
To oppose Frank C. Jordan, who will again go after the job as Secretary of State, Kemper B. Campbell of Los Angeles has been tentatively selected by the Progressive machine. In considering the qualifications of the man chosen, Campbell is from the south and the south is to get the spoils at the coming election if Progressivism is to run well. Second, the administration is under some obligation to Campbell, because of turning down the latter's application for one of the new Superior Court judgeships in Los Angeles county.  
Fred Neill, superintendent at the Whittier reformatory, is mentioned as a candidate to oppose Jordan, but it is whispered in the inner circle that Neill is to be soon promoted for by the Governor in another way.

# CONVICT SLIDES TO LIBERTY.

Gets Out of Iowa State Penitentiary and Takes Gun Away From a Guard.  
(BY A. P. NIGHT WIRE TO THE TIMES.)  
FT. MADISON (Ia.) Sept. 7.—Securing permission from a barber house guard to get a drink of water, Carl McCloud, a convict, last night climbed the outer pole of a derrick in the new cellhouse at the State prison and slid 100 feet down a guy wire to the wall of the prison. From there he dropped to the ground and hid. He alighted almost in the arms of a guard. The guard ordered him to throw up his hands and march toward the main entrance. McCloud complied, but after going a short distance suddenly turned, grabbed the rifle from the guard's hand and slid down a forty-foot embankment. He has not been captured.

# REBUILD HISTORIC MISSION.

Cornerstone of Dolores Church on Site of One Destroyed by Fire Is Laid.  
(BY A. P. NIGHT WIRE TO THE TIMES.)  
SAN FRANCISCO, Sept. 7.—The cornerstone of the new Mission Dolores Church, which is to rise at the site of the ancient Mission Dolores building, one of the oldest missions in California, was laid today. The stone that was used is the one that formed the cornerstone of the church destroyed in the fire of 1904.  
In the new edifice the architectural design will be the same as that of the little mission building. In the ancient structure, whose chimneys inspired Bret Harte's poem, "The Angelus," the hewed beams lashed together with rawhide by Indians when it was built in October, 1776, are still to be seen. The new building will be a frame of steel will be fashioned with the details and improvements of building work of today.  
Archbishop F. W. Rordian presided at the ceremony today and Bishop E. J. Hanna delivered the dedicatory sermon.

Smoke Nuisance Costs Pittsburgh Ten Million Dollars Annually, and Chicago Almost Twice as Much.  
(BY A. P. NIGHT WIRE TO THE TIMES.)  
PITTSBURGH, Sept. 7.—Smoke costs the residents of Pittsburgh \$10,000,000 a year, according to a bulletin issued yesterday by the Mellon Institute, University of Pittsburgh. The exact amount of damage the "nuisance," according to the investigation, is \$20 per capita per annum.  
The report states that Chicago's annual loss is \$17,600,000, or \$8 per capita, and that in Cleveland \$6,000,000, or \$8 per capita.

# MAY OCCUPY CHINESE PORT.

(BY CABLE AND A. P. TO THE TIMES.)  
LONDON, Sept. 3.—The Tokio correspondent of the Daily Telegraph says: "The Japanese government evidently is determined to act cautiously but a great reinforcement of the fleet in Chinese waters is considered certain and it is not improbable that some strategic port may be occupied."  
"Any support which the Chinese southern leaders had in Japan, however, has been forfeited by the exhibition of pusillanimity and corruption on the part of the southern leaders, and any Japanese action now taken will therefore be totally unrelated to previous sympathy with the south."

# YEAR CANADA WHEAT CROP.

CHICAGO BUREAU OF THE TIMES, Sept. 7.—[Exclusive Dispatch.] The shadow of the immense Canadian spring wheat crop hangs over the American exporters; they must hang on until Canadian sell or cut prices. It is said in Chicago, as there is a great shortage in pasture and forage. Corn prices are advancing.

## MELANCHOLY WOMEN

Should Profit by Mrs. Hurley's Experience—Her Own Story Here Told.

Eldon, Mo.—"I was troubled with displacement, organic inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased once a month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world."

"After I had tried most every female remedy first, without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacement, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it?

## THEY ELIMINATE THE MIDDLEMAN.

THOUSAND CARLOADS FROM OREGON AND WASHINGTON WILL GO STRAIGHT TO DEALERS IN NEW YORK AND GREAT BRITAIN UNDER NEW ARRANGEMENT OF NORTHWESTERN ASSOCIATION.

(BY DIRECT WIRE TO THE TIMES.)  
TACOMA (Wash.) Sept. 7.—[Exclusive Dispatch.] Eliminating the middlemen, fruit growers of Washington and Oregon are selling a thousand carloads of apples direct to fruit merchants of New York and Great Britain. Joseph Steinhardt of New York has purchased 100 carloads of Oregon's finest apples from the Hood River Apple Growers' Association, taking Spitznbergers, Newtons and Arkansas Blacks.

Steinhardt says America knows only three high-class apple districts, the Yakima, Wenatchee and Hood River valleys. He made heavy additional purchases at Wenatchee and Yakima. The feature of this fall's apple market is the sale of about 600 carloads to Glasgow, London and Liverpool importers, who have come here to make personal selections of apples and arrange for future shipments.

A. H. Chalmers, Glasgow Importer, says Scotland offers a large permanent market as Scotland produces none and England only a few green apples. Chalmers and other British importers were accompanied by agents of the Canadian Pacific and R.R. railroads, which will haul their purchases to Montreal and other Atlantic seaboard cities.

## MONTEREY CAMP IS PERMANENT.

Military Institution to Be Continued Next Year.

Four Establishments Are to Be Maintained.

College Men Show Interest in Work of Soldiers.

(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON BUREAU OF THE TIMES, Sept. 7.—[Exclusive Dispatch.] Military instruction camps for students like that conducted at Gettysburg this year are to become regular establishments of the War Department. Next year there will be four camps instead of two and the work of organizing classes will be started at the beginning of the school year.

It is planned to hold one camp in the Northeast, possibly in the Adirondack region, another in the Great Lakes section, either Northern Ohio or Michigan, another in the mountains of Virginia and one near the city of Monterey, Cal. These camps, it is believed, should be held in a rather rough country near a lake for boating and where there is a terrain, which makes it possible to work out problems of an attractive nature.

The camps at Gettysburg and Monterey, Cal., this year proved a success far beyond the anticipations of the army officers, although the work of organizing the camps was taken up only four or five weeks before they were opened; 249 students representing seventy odd educational institutions were in attendance. The students proved to be apt pupils and in six weeks acquired considerable military knowledge even in the short course of the camp. Most of them expressed a determination to enter the National Guard and it is the opinion of the War Department officials that these camps will do much to increase the efficiency of the militia.

Fashion Show Styles to Be Placed on Display in Store Windows Next Thursday.

Posters to scatter broadcast news of the coming of the Fall Fashion Show, September 25, 26 and 27, are to be placed on display this week, according to announcement made yesterday by representatives of the Retail Dry Goods Merchants' Association, which is conducting the annual fall style display.

The posters are different from those of previous fashion shows. In the past local artists have competed with designs suggestive of the event, but this year actual photographs of the prettiest dress, gown and suit models in Los Angeles are being used. They have been posed specially for the posters wearing the latest dicta of Paris and New York. Every poster is to contain actual photographs. This method was adopted by the committee because it was believed posters of this sort would better indicate the true character of the fashion show than some idealistic creation of an artist's brush.

"They will probably be placed in the store windows about Wednesday or Thursday," said Alfred E. Adams, assistant secretary of the Retail Dry Goods Merchants' Association, yesterday. "It has always been the custom to have them on display two weeks before the fashion show. I favor Thursday, the 11th, as the proper day to spring posters."

## ALMOND CROP IS BOOM.

Members of California Almond Growers' Association Realize High Price. Will Ship Shortly.

(BY DIRECT WIRE TO THE TIMES.)  
SACRAMENTO, Sept. 7.—[Exclusive Dispatch.] Through their high price of their almonds this year, the members of the California Almond Growers' Association already have sold their crop and all that remains to be done is to ship the nuts.

The dealers were anxious to get the nuts at the prices asked and to place the entire lot almost as soon as the short this year—about 100,000 bushels of last year—hence the high price. Report has been received from France, which ships a large quantity of almonds to this country, that Princess softshell crop has been a failure. It is believed that the value of the California crop will grow this year is estimated at about \$600,000.

BINGHAMTON (N. Y.), Sept. 7.—[Exclusive Dispatch.] Miss Eleanor Wilson, daughter of President and Mrs. Woodrow Wilson, will be a bridesmaid at the wedding of Miss Nellie Kintner, daughter of Mr. and Mrs. F. D. Kintner, of Athens, Pa., to Charles Helms, a draftsman in the Imperial plant at Athens on Tuesday next.  
Miss Kintner and Miss Wilson were schoolmates and afterward another schoolmate in Mexico during the presidency of President Wilson. At that time each promised the other that she would be bridesmaid for the other's wedding.  
Miss Wilson is now a guest of Mr. and Mrs. Kintner at Athens. The bridegroom, who is the son of Charles F. Helms, the well-known bridge builder, has started on his journey to the bride's home. He is the son of the latter to make his way to his home in South Carolina to be another bridesmaid.

ST. LOUIS SOCIETY WOMEN WILL ON BAD MANNERS.  
Hostesses Propose to Keep Tab on Those Who Fail to Show Proper Respect to Invitations to Social Functions and See that They Are Denied in the Future.  
[BY DIRECT WIRE TO THE TIMES.]  
ST. LOUIS, Sept. 7.—[Exclusive Dispatch.] War has been declared by the St. Louis society women on the bachelors of St. Louis who in the past have been noted for their bad manners and who have failed to show proper respect to the matrons and a merry couple is expected at the time of the Vesper's ball when the formal war will be up for a test of strength.  
It all came about when a number of the members of the Vesper's Club, which is one of the most exclusive of the city, decided to blacklist those bachelors who have failed to show proper respect to the matrons and a merry couple is expected at the time of the Vesper's ball when the formal war will be up for a test of strength.

**BAR INDIGENTS FROM HOSPITAL.**  
Politicians' Relatives Fill Chicago Institution.  
Wives of Policemen Sent to the Maternity Ward.  
County Agent Exposes Scandal in Charity Cases.

[BY A. P. WIRE TO THE TIMES.]  
CHICAGO, Sept. 7.—The Cook County Hospital, with a capacity of 1,000 patients, is kept so full of county and city officials, their wives and their children, that there is no room left for indigent patients, according to charges made today by County Agent Mayers, in charge of the hospital.  
The charge was made after County Commissioner Frank Ragen had taken Walter Wiewski, an investigator of means from gaining admission to the institution and depriving poor persons of needed attention. "Admission to the hospital formerly had been by card of a County Commissioner," said Mayers, "and Ragen wanted the investigator when Wiewski refused to admit a well-to-do patient with Ragen's card."  
"In the maternity ward more than 50 per cent of the cases are the wives of city police or firemen."  
"A husband had his father dead all his property over to him and then the father admitted to the hospital where he expected the old gentleman to spend the rest of his days. A city policeman was just discharged from the hospital when we found that he owned flat buildings worth him an income of \$300 a month."

TWO AUTO ACCIDENTS.  
New Truck With Pleasure Party Crashes into Telegraph Pole at Berkeley, (Cal.) Sept. 7.—A new truck carrying a pleasure party of twenty persons turned out to be a mine here tonight to avoid a telephone pole and crashed into a telephone pole. Andrew Anderson, a resident of this city, sustained injuries and probably will die. The other men were cut and bruised. The automobile, whose occupants blamed the accident, did not stop. An automobile in another part of the city crashed tonight into a building owned by A. Rex and containing his wife and their two small children. The younger, a child of 2, was severely hurt and may die. The others escaped injury.

**HOLD UP GIFT FOR EX-KING.**  
Wedding Present of Lisbon for Manuel Offends the Portuguese.  
[By Cable and Direct Wire to The Times.]  
LISBON, Sept. 7.—[Exclusive Dispatch.] A case containing a wedding present for ex-King Manuel, which is detained by the Portuguese customs authorities, is still at the customhouse, awaiting some one to bring a key to open it. The newspapers say the matter will now be placed in the hands of the Municipal Chamber, as should it prove that the inscription on the present reads: "From the city of Lisbon to its King," the Chamber, as the representative of a republican city, will refuse to allow the present to leave Lisbon, unless the inscription be removed.

WHISKERS VANISH IN KANSAS.  
TOPEKA (Kan.) Sept. 7.—[Exclusive Dispatch.] Kansas whiskers have disappeared with the corn, due to the long heat siege, and a bearded man is almost a curiosity at present in the Sunflower State's farming sections.

DEMOCRATS OPPOSED TO "LID."  
NASHVILLE (Tenn.) Sept. 7.—[Exclusive Dispatch.] The Democratic Legislature which convenes in extra session here tomorrow will present a broken front on the plan of Gov. Hopper to prohibit the State, putting the lid on tight in all large cities, and a hard fight is expected. Many of them oppose the plan.

BOY ASKS CHANGE OF VENUE.

**RAILWAYS GAIN IN EARNINGS.**  
Gross Income During August Higher Than Last Year.  
Falling Off Is Reported by the Missouri Pacific.  
Statements Indicate Period of General Prosperity.

[BY DIRECT WIRE TO THE TIMES.]  
CHICAGO BUREAU OF THE TIMES, Sept. 7.—[Exclusive Dispatch.] Gross earnings of all United States railroads reporting so far, for August aggregate \$20,111,918, an increase of 6.5 per cent, as compared with the earnings of the same roads for the corresponding period a year ago. These roads reported a loss for the first three weeks of the month of \$690, so that an improving tendency is indicated by the gain this week of \$144,951.  
Most of the roads in the Southwest and West make a favorable comparison with last year, but a falling off of \$325,000 in the earnings of Missouri Pacific, and less pronounced decreases on one or two other roads in that part of the country, have adverse effect on the total of that section.  
While the roads in the South do not make quite such a favorable showing as a few weeks ago, the majority of the leading systems report more or less gain, and as these increases more than offset the contraction on a few other roads, the total exhibits considerable improvement.

## ECZEMA ON SCALP ITCHED AND BURNED

Would Fester and Come to Head, Could Not Sleep. Hair Fell Out. Cuticura Soap and Ointment Cured in Two Weeks.  
R. F. D. No. 2, Seymour, Mo.—"My scalp broke out with fine pimples at the ears. They itched and burned so much that I was compelled to scratch them and they would fester and come to a head and break out again. The trouble was attended by such burning and itching I could not sleep, also when I awoke it burned the same. My hair fell out gradually and the scalp kept rough and dry with itching and burning. After about two weeks the pimples broke out between my shoulders. My clothing irritated them. I was troubled with this eczema five or six years.  
"I tried everything that was recommended without any benefit until I used the Cuticura Soap and Ointment according to directions, and Cuticura Soap and Ointment cured me sound and well in two weeks."  
(Signed) R. F. D. No. 2, Seymour, Mo., Nov. 22, 1912.  
For pimples and blackheads the following is a most effective and economical treatment: Gently smear the affected parts with Cuticura Ointment, on the top of the finger, but do not rub. Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. As other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores. Sold everywhere. Liberal sample of each mailed free, with 25¢ Skin Book. Address post-card "Cuticura, Dept. T, Boston."  
"All men who shave and shampoo with Cuticura Soap will find it best for skin and scalp."

**THEIR BACKS TO THE WALL.**

**Final Stand for More Money by Education Board.**

**Higher Tax or Worse Schools the Ultimatum.**

**Campaign to Make County Dads See It.**

The Board of Education through President Steadman and Superintendent Francis, will make a final stand this week before the Board of Supervisors in an effort to induce the county authorities to levy a sufficient tax rate to insure that is denominated proper conduct of the city schools during the coming year and to make some improvements in the sanitary conditions of a number of the school buildings.

"I am deeply concerned over the possibility of a serious curtailment in our funds under the proposed levy recommended by County Superintendent Koppel," said President Steadman yesterday. "I do not wish to be considered an alarmist, yet the military conditions at a number of our schools are so bad that it is by no means improbable that cognizance of them will be taken by the Board of Supervisors next Monday. Several members of the board are likely to make this work cannot be done, and we will also have to exercise the most rigid economy in every department. I have even expressed the fear to the board that the length of the term may have to be cut to come within our allowance."

"I am not criticizing the Supervisors. I believe that the members of that board want to do what is right, but they are obsessed with the cry of 'lower taxes.' I do not think that the people of Los Angeles want lower taxes at the expense of the efficiency of their public school system, but the trend is surely towards lowering the standard."

**THE REAL DANGER.**

"To my mind, however, the question of sanitation is more important than all else, and it would be a calamity if our schools should be the cause of sickness depriving thousands of children of the tuition to which they are entitled. If the Board of Education sits idly by the responsibility will be theirs. This is the reason we are so anxious that the Board of Supervisors should have a proper conception of the needs of the hour."

The levy will be made by the Supervisors next Monday. Several members on that board favor a more liberal policy on behalf of the Los Angeles schools, but County Superintendent Koppel recommends the 30-cent rate, which will take nearly \$500,000 from the budget as originally prepared by the Finance Committee.

The trouble this year comes about through the reduction to which the part of the County Superintendent and the Supervisors. Under a former interpretation of section 1853-40 of the California Constitution, the Board of Education has been allowed to exceed the 30-cent tax rate for school purposes in Los Angeles county. Under this

basis of financing special features have developed, the number of pupils per teacher has been reduced, school gardens and vocational schools opened, evening and intermediate schools established, and the playground system changed. Teachers' salaries have also been raised to a maximum of \$1200, putting Los Angeles on equal footing with San Francisco, Oakland and other cities in the State.

**TO GO BACK?**

These and other changes have been firmly established it is now proposed to hold the board rigidly to the 30-cent rate. The board members claim is not sufficient to maintain the integrity of the system upon the scale to which it has been raised.

In addition comes the finding of the committee named to investigate the military conditions, and an item of \$50,000 added to the expense list for the purchase of books and supplies not furnished by the State, and which have heretofore been provided by the scholars. Tentative estimates place the amount needed for sanitation at \$200,000.

"We believe," says Superintendent Francis, "if the Board of Supervisors understood the actual facts in the matter they would sympathize with us. The board members have heretofore been provided by the scholars. Tentative estimates place the amount needed for sanitation at \$200,000."

The Pasadena board is wrestling with the same problem and with the 20-cent limit declaration of Superintendent Koppel starting them in the face, the board finds that it has cut with its teachers for \$15,000 more than they will be able to pay, and members of the board say they are as yet no nearer a solution of the school year. Under the State law members of the Board of Education are personally responsible for the fulfillment of the appropriation.

Another trouble with which Pasadena is confronted lies in the law which determines the amount of appropriation on a basis of the total attendance for the entire year previous to the appropriation. Thus if this year's term is shortened one month, the board will be facing the prospect next year of a two-month cut in the salary of the children actually meet themselves coming back.

**PROGRAMME COMPLETED.**

**Women's Improvement Association of South Pasadena Preparing for a Series of Important Meetings.**

**SOUTH PASADENA, Sept. 7.**—The programme for the meetings of the Women's Improvement Association have been almost completed. All of the members of the association who have seen the outline declare that it is the most interesting ever prepared for this club. In accordance with the idea started last year, every other meeting will be preceded by a luncheon for which nominal charge will be made. This year the provisions will be donated by members of the association and the proceeds will be placed in the building fund. The business of the club will be transacted on the day on which the luncheon is not held, and in this way will not detract from the enjoyment of the social and educational features.

The programme up to and including the month of December is as follows: October 1, president's report; October 15, travel talk on Hamburg, in charge of Mrs. A. J. Padan; October 22, president's report; November 5, travel talk on Paris, in charge of Mrs. A. S. C. Craig; November 19, "City Parks and Parkways," in charge of the Civic Committee; December 3, travel talk on London, including points of interest and slums; Mrs. J. C. Nelson and Mrs. E. C. Craig; December 17, "Philanthropy," in charge of Mrs. Arthur Walker and Mrs. A. H. Gates; December 31, grand ball masque, complimentary to the sons and daughters of the members.

**New Arizona Railroad Goes Into Rich Country.**

**State Ranger Shoots Down a Crippled Desperado.**

**Four Mexican Laborers Are Smothered in Quarry.**

**Arizona.**

**Prescott (Ariz.) Sept. 6.**—W. H. Clark, a leading citizen of Holbrook, has made application to the State Corporation Commission for permission to sell stock and bonds of the Navajo Southern Railroad Company, with the promise that grading on the line would be under way within six days after the granting of the authority. The contemplated line is to be seventy miles in length, running from Holbrook, on the Santa Fe system, southwest to the edge of the great rim of the Mogollon plateau, practically all of the way through a forest that has not yet been tapped and within which is much mature timber, available for purchase from the government and from private owners. The line is to be capitalized at \$2,000,000, with half that sum in bonds to be sold. In connection with the Navajo Lumber and Timber Company, capitalized at \$2,000,000, and backed by a syndicate of capitalists mainly resident in Elgin, O. The new road will also tap a number of rich farming valleys, mainly occupied by Mormon settlements, and will afford access to the northern part of the great Tonopah Basin, from which can be expected heavy traffic in cattle.

**STATE FAIR PLANNED.**

Definite plans now are being made for the first Northern Arizona Fair, to be held in this city within sixty days. The work has been divided among a number of committees, appointed by President R. N. Fredrickson. A. A. Johns, for years superintendent of the Yavapai county exhibit to the State Fair, has been chosen as superintendent of the local show. All Northern Arizona counties are to be represented and will contribute to the expense of the fair. In connection with the city of Prescott, the fair will be held on the grounds of the city of Prescott. The fair will be held on the grounds of the city of Prescott. The fair will be held on the grounds of the city of Prescott.

The latter's locks have been of twenty-eight feet, while the Minneapolis lock, filled and ready for navigation, will lift thirty-five feet. As it now stands, nearly 500 boats have cost the government \$600 in round numbers.

Much work is yet to be done before the dam is completed, and until that time, probably January, the huge lock, with its gray concrete walls 50 feet high, 40 feet long, and 10 feet wide, will be a sight to behold. The lock is situated on the north side of the river, and is 35 feet from the further side, but will raise nearly 50 feet of water to the center of the river, and in so doing, will raise the water level of the river to the level of the big dam. The lock is 125 feet long, and is 10 feet wide, and will raise the water level of the river to the level of the big dam. # MEN OF LETTERS LOOK US OVER.

Fame of Southern California  
Borne by Post.

Reception Tendered Visiting  
Carrier Delegates.

Many Postal Men Seeking to  
Come Here to Live.

Several hundred men of letters and their collaborators—writers and speech-makers—were at the East and West, took part in a reception at the Auditorium yesterday afternoon. The occasion was in honor of the visit of delegates to the National Association of Letter Carriers, which held its annual convention in San Francisco last week; returning eastern delegates stopped off here to see some of the fine things Southern California has to show and to share. Herbert Bogen of Angel City Branch No. 24, was chairman of the Reception Committee.

Previous to the reception the delegates from early morning had been taken to various places of interest in the vicinity and in the late afternoon and evening the New York delegation visited Venice and other beach towns.

Added brightness was supplied to the programme at the afternoon's reception by a number of selections by Tysan's Orchestra, and Ray Hastings played on the big organ a medley of melodies from grand opera, Nivins' "Rosary," and Macbeth's "Love in Idleness." Bishop Conaty and a delegation from the Knights of Columbus occupied a box.

President Smith of the local carriers introduced the speakers. Acting Mayor Whittier welcomed the visitors to the "metropolis of the South, which will in a few years be the metropolis of the Pacific Coast," and tendered to them the key of the city.

Postmaster Harrison followed in a few additional words of welcome to the carriers from afar, and took occasion to explain his attitude and that of the convention of postmasters at Catalina last week on the eight-hour law applied to postal employees. Incidentally he referred sympathetically to the large percentage of employees in eastern post-offices whose wives are ill, as reflected in the frequent requests for transfer to duty in Los Angeles for that reason.

National President W. E. Kelly of Brooklyn, who was re-elected to his fourth term at San Francisco, replied to the address of welcome with a few words of thanks and said everything which had been done at the convention had been for the best interests of the letter carriers and the Postoffice Department, and that the carriers, responding to the kind treatment of Congress, would do more effective work than ever.

National Vice-President Ed J. Galt of Muncie, Ind., thanked the local carriers for the lavish entertainment which had been showered upon them. His voice was husky, which he explained with the statement that in acting as the convention's presiding officer he had, at times to choose one out of twenty-five who wished to speak. "As a fair percentage of the twenty-five were Irish," he said, "you will appreciate my job."

Congressman Thomas L. Reilly of Meriden, Ct., father of the eight-hour bill for postoffice employees, spoke in explanation and justification of that legislation.

The retirement of postal employees on pensions was discussed by Andrew McKee of New York City, president of the National Association of Civil Service Employees, the service annuity system being favored by the speaker, but he advised his hearers to accept the best that Congress felt disposed to offer.

James Arkenson of Fall River, Mass., president of the National Beneficial Association of Letter Carriers, humorously led up to an earnest appeal for support of the work of the association.

A reception and banquet were tendered last night to Congressman Reilly and the national officers of the letter carriers' association at the Lankershim, by the local organization. The officers of this branch are: President, Elmer Smith; vice-president, E. D. Lewis; recording secretary, Joseph Simmons; financial secretary, Al Johnson; treasurer, J. W. Dohring.

## SAVER OF LIVES MAY LOSE OWN.

MOTORCYCLE COLLIDES WITH  
BIG AUTO TRUCK.

Big Policeman Gilpin Is Dying and  
Driver of Truck Is Held to Face  
Possible Manslaughter Charge.  
Accident Followed After Injured  
Man's Exploit in a Poisoned Pool.

Two weeks from the day he saved his last life, Motorcycle Officer O. L. Gilpin, known as the "life savor" in police work, was struck and probably fatally injured by an auto truck. His skull is fractured, four ribs are crushed and he is internally injured.

As a policeman, he had become famous because of his tremendous physical strength and his uncanny faculty for being present when a tragedy was occurring. He has saved more lives by first aid than any other man in the department.

Gilpin was riding north, taking the corner at Third and Figueroa streets, when the truck of the A. B. C. Transfer and Storage Company, driven by George C. Tiedt, made a short turn. The two vehicles met.

Gilpin was dashed into the curb. His machine was torn to pieces. Tiedt was arrested for violation of the traffic laws, and if Gilpin dies, a charge of manslaughter will be sworn to.

Yesterday was the first time Gilpin was ever forced to take any medicine, and that was to kill the intense pain. He had never before known a sick day.

Gilpin's last sensational exploit was when he dived in a poisoned pool for the body of a negro boy, and after he had recovered the body, battled with the negro's dog.

## Suburban Homesites With Every City Advantage, Comfort and Facility

QUARTER ACRES, BUSINESS and RESIDENCE LOTS  
AS LOW AS \$600, WITH EASY TERMS

We challenge comparison of Duffield Park—location, improvements, advantages, facilities and price considered—with any other property around Los Angeles.

Duffield Park is in the beautiful Glendale district, commanding a fine view of lower San Fernando Valley, Griffith Park, Glendale and the Santa Monica and Verdugo Mountain ranges.

Duffield Park is THE ONLY TOWNSITE BETWEEN GLENDALE AND BURBANK, and being the natural gateway of the San Fernando Valley, is destined to become an important center. And, CONSIDER ITS PROFIT-MAKING CERTAINTIES.

Los Angeles will have 1,000,000 population in 1920. There will be—there is already—a great and growing demand for well located suburban property within easy reach of the city, with modern facilities.

Duffield Park meets this demand to perfection. Its values are increasing constantly. And, remember this—its prices are at least 25 per cent less than those asked for surrounding property.

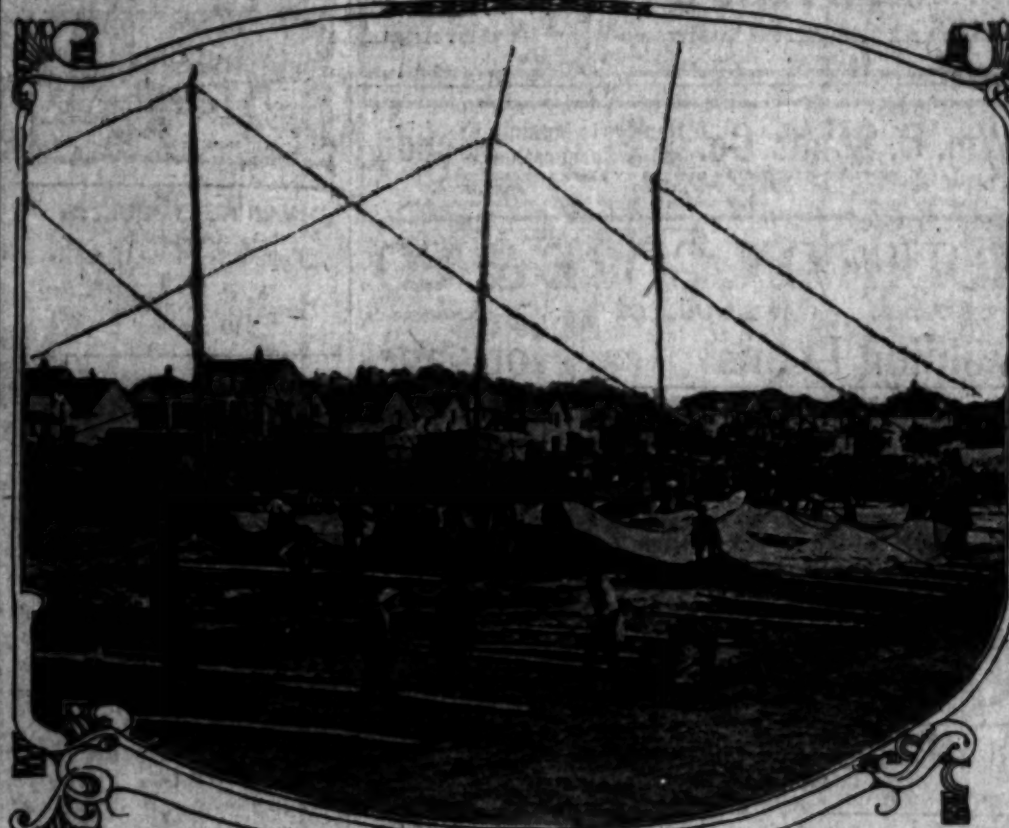

DON'T FORGET THE BIG LOTS—QUARTER ACRES—RIGHT AT THE CITY'S GATES.

FREE AUTOS—Let us show you DUFFIELD PARK. One glance at this magnificent property will convince you that it is the ideal homesite location. Call or phone for information today.

### SHAKEN SICKER BANNER.

Every County of Illinois Represented in Contest for Heaviest Registration at Picnic.  
Former Illinoisans in Los Angeles and vicinity—residents of the 102 counties in the "Buckeye" State, are engaged in a hotly contested race for the county shiken banner, which is to be awarded to the county showing the heaviest registration at the Illinois-California picnic and reunion which is to be held at Eastlake Park tomorrow in commemoration of California's birthday anniversary. The picnic-reunion is in charge of the Illinois Association of Southern California. The several parsons of the Native Sons and Native Daughters, the Los Angeles County Pioneer Society, and the Illinois Veterans' Association are to be the guests of the Illinoisans.

The reunion is to be an all-day basket picnic affair. There will be no programme of sports and athletic events, but there will be a splendid programme of speaking and music. Hon. George W. Prince, formerly a Congressman representing the Galveston (Ill.) district, now an attorney here, is to represent Illinois in the speaking programme. Prince was a member for eighteen years of the

Congressional Committee on Military Affairs and he intends informing his audience of the work of himself and associates in behalf of the fortifications for Los Angeles harbor and elsewhere along the Pacific Coast. Police Judge Thomas F. White, a member of the Native Sons and Native Daughters organization, will respond to Prince's address. Ex-State Senator R. F. Del Valle, a native Californian, will speak on the subject, "Early Days."

The day's programme is as follows: Selection, "America," Newsboy Band. Address of welcome, Judge Frank W. Blair, president of the Illinois Association of Southern California. Song, "My Illinois," Moline Quartette. Address, "Illinois and California," Hon. G. W. Prince. Selection, Newsboy Band. Song, "I Love You California," Moline Quartette. Address, "California," Judge T. F. White. Song, "California," Moline Quartette. Address, "Early Days," Hon. R. F. Del Valle. Chorus Song, "Illinois," led by Mrs. Phoebe J. K. Murray, Moline Quartette and audience.

### Effect of War on Population.

[Atlantic Monthly.] It may be stated with confidence that the average height of the men of France began notably to decrease with the coming of age, in 1913 and after, of the young men born in the years of the revolutionary wars (1793-1802), and that it continued to decrease in the following years with the coming of age of the youths born during the cessation of these terrible man-draining wars, for the maintenance of which a great part of the able-bodied male population of France had been withdrawn from their families and the duties of reproduction, and much of this part actually sacrificed, a new type of boys began to be born. These boys indeed had in them an inheritance of stature that carried them by the time of their coming of age in the 1890's and 1900's to a height one inch greater than that of the earlier generations born in war time. The average height of the annual conscription contingents born during the Napoleonic wars was about 1625mm. of these born after the wars, it was about 1655mm.

## Big Top's Up; Prade Comin'.

SMALL BOY ON THE JOB, FOR ITS  
CIRCUS DAY.

Large and Little Kids See Start and  
Finish of the Arrival and Rising of  
Tent City at Prager Park, Where  
Ringlings Will Give Six Perform-  
ances, Two Daily.

The circus is here. The first of the four Ringling circus trains reached the Southern Pacific railroad yards at 1 o'clock yesterday afternoon. A little later a continuous caravan of wagons, red and golden chariots and all the rainbow trappings of Spanglowland wended their way from the tracks to the Prager Park show grounds at Washington street and Grand avenue.

Scattered groups of youngsters and those grown-ups who are always Peter Pans when the circus comes to town were on hand when the first train arrived and present in large majorities at the grounds. There the scene was one of methodical turmoil. Men emptied huge wagons and began pitching the dining and cook tents. By the time the rapid-fire circus dinner was over the grounds were alive with men. The manager's tent had begun to go into the air and likewise the "big top," which measures 500 feet in length and which will, after a night for three days to come, roof the wonders of the Ringling circus programme. Horses driven in teams of eight and ten were pulling the cages into the zoo circle. Tents of every size, twenty-four in all, were going up to the chug-chug of the miniature pile driver, used where the ground was hardest. A large crowd looked on and lingered throughout the afternoon to see how a circus spends its day of rest.

The first "official" appearance of the circus will come with this morning's parade, which will leave the show grounds between 8:30 and 10 o'clock. There will be about 600 horses in line, six bands, strings of tableau wagons and allegorical cars, open dais, clowns to please the youngsters, and such novelties as a team of sixteen camels broken to rein and bridle and driven like horses. There will be two calliope in place of the usual lone piano.

The show will give six performances here at 2 and 5 o'clock today, Tuesday and Wednesday. The doors open an hour ahead of that time. The circus programme will open with the spectacle of Joan of Arc, enlisting a cast of 120 characters and featuring a monster ballet. The pantomime will be followed by two hours of aerial novelties and aerial acts, exhibiting more than 375 artists.

This morning's parade will march north on Grand avenue to Tenth street, east on Tenth to Broadway, north on Broadway to First street, east on First to Spring, south on Spring to Main, south on Main to Washington and west on Washington street back to the circus grounds.

### NOW THEY WANT IT.

Not That Their Income Is More,  
But Because Their Love Has Ex-  
panded.

At first the Jacksons merely wanted to board the baby; now they want to adopt it, not because they have more income, but because they have more love for it. And as the baby's father cares so little he has disappeared, they probably will get it.

When Mrs. George Jackson, No. 1155 Harvard boulevard, made ready for maternity she had a great supply of clothes for the somebody that was coming to the house. But the little stranger only stayed a couple of days, and after he left Mrs. Jackson was so grieved she wanted another baby to fill the terrible vacancy.

Jackson advertised in the wanted columns for a baby. William Wade, No. 706 West Sixth street, answered with his baby girl, Dorothy. Jackson thought he was too poor to take the baby to raise. He bargained with Wade to contribute a small amount monthly toward the child's support.

Wade agreed, paid the first month, then left. So Baby Wade was taken into the custody of the mother, and the Jacksons have no objection to adopt it.

Cost Loves Taken Care Of.  
[Baltimore American.] The male shipped from the circus through this post, born with much interest as two babies, which arrived here on the Johnston Line steamer, pleasure. The male was guarded by the Wells Fargo Company to Dr. E. J. Tiedt, Tiedt, Cal., and are to be bred.

While fully grown, the male somewhat smaller than the female. Their hair is of a dark color and of a white and red shade. The female has a peculiar feature about her face—it is a small, round, charge of the animal's care, and Billy got on well with the animal. The animal was given a name, and the name was given to it.

Two Annandale Men Lead at Del Monte.

Wee Carleton Wright Equals Neville's Score.

Grass Greens a Little Rough on Our Golfers.

BY ALMA WHITAKER.

(BY WIRE TO THE TIMES.)

DEL MONTE (Cal.) Sept. 7.—(Exclusive Dispatch.) The Annandale Country Club has occasion to be very proud of itself. Two of its members, Erving S. Armstrong and A. A. French tied for first place in the 36-hole qualifying round for the Coast championship at Del Monte today.

They made a gross score of 150 and in any case the two eminently desirable cups which form the first and second prizes will go to Annandale no matter who wins the play-off.

And there are six Annandale men in the championship flight altogether. Ernest N. Wright, Carleton Wright, Rev. W. H. Cornett and Paul F. Deane, in addition to the heroes of the day.

Take them all around, I am very proud of our southern players in this tournament. They evidently needed my presence to spur them on to great deeds. Roger D. Lapham of the Los Angeles Country Club takes fifth place with 157, and Norman Macbeth is only two strokes worse with 159.

S. H. Bagby, Edward Tufts, Frank E. Edwards and L. D. Sala, all of the Los Angeles Country Club, have qualified among the select thirty-two with honor. And all the rest of us have qualified for the Del Monte cup. Arthur Braly, Dudley Fulton, A. M. Goodhue of the Virginia, J. C. Niven, Guy Cechrane, Charles H. Higgs, Thomas McCall, K. K. Farwell, S. S. Parsons, R. J. Sallary, E. H. Lockwood, not one of us that has actually disgraced himself and most of us well up to standard.

RITCHIE WOULD FIGHT 'EM ALL.

(A. P. NIGHT WIRE TO THE TIMES.)

SEATTLE, Sept. 7.—"I am side-stepping nobody," declares Willie Ritchie, lightweight champion, in a letter to a local newspaper published today.

"I want the public to understand that I am a fighter, not a seeker after theatrical dates," Ritchie will meet Freddie Welsh, British champion, in a twenty-round fight in Vancouver September 29. Outlining his plans after that bout the champion says:

"I am now negotiating for a battle with Paddy McFarland right after this Welsh affair. Next comes Leach Cross. Next 'Harlem Tommy' Murphy. I am as anxious to meet him as I am to meet the others."

Ritchie says he will meet McFarland at 125 pounds ring-side—"a weight he says he can make."

"Before I finish," the letter concludes, "I am going to clean out the whole lightweight division or lose my title in the attempt."

## HOW TO GET TO THE CORONA RACE TOMORROW.

THE Automobile Club of Southern California's special train to Corona will leave Santa Fe station at 3:14 o'clock Tuesday morning, reaching the track in time for the start of the light car race at 10 o'clock. Tickets for this train can be secured today at Auto Club headquarters, Eighth and Olive streets. Fare \$1.50 round trip.

Trains will leave for Corona at 7 o'clock a.m., another at 7:15 o'clock, at 9 o'clock and at 11:25 o'clock. Fare on these trains round trip \$2. Trains go direct to course.

Auto road follow club signs out North Broadway to Huntington drive. Keep right at Bairdston viaduct and take Farmdale road to El Monte boulevard to El Monte, Puente, Spadra, Pomona. Thence turn north across track on Garey avenue to Holt avenue, three blocks. East on Holt avenue to barricade, then north one block to Kingsley, east on Kingsley to Euclid avenue in Ontario. Then follow south on Euclid, keeping to auto-club signs direct to Corona. Distance fifty-seven miles. Time three hours.

Eight After One.

"IT'S ME AGAINST THE FIELD"—TEDDY TETZLAFF.

BY R. A. WYNN.

THIS race Tuesday isn't a race between eight motors and nine men. It is a race between eight men with eight machines and me and my Fiat," said Teddy Tetzlaff yesterday at Corona as he watched his mechanics pet and pamper the giant red Fiat.

"On one side are De Palma, Oldfield, Cooper and Wishart, and the rest of them. I am on the other side. They don't figure about beating each other at all. They don't care a darn about it but they all figure on beating me. It is me against the field."

"I have the world's road race record and they are all after it. This race is founded on the desire to take that record away from me. The committee in charge has offered \$1000 bonus to any one that takes it away and, believe me, it will be worth \$1000 and then some more to any person that takes it away."

Tetzlaff lovingly patted the great towering hood of his giant 110-horse-power Fiat.

"I have the speed under the bonnet here and they all know it. Now they are staking everything on something happening to me or my car. This race is going to be a stern chase with me leading and the rest footing it after me carrying horsehoes and rabbit feet and wishing me all kind of fire and engine trouble."

TEDDY'S FAILING.

This is about the way the race that begins tomorrow at Corona is figured by the racing public.

"That," said Tetzlaff, "is not racing. It is always figured first and then the others by comparison. They are figuring on what they call a failing of Teddy and that is his refusal to nurse any machine that he drives. He has always adopted and adhered to the simple rule of turning his machine loose at the start and either winning the race or smashing his machine. There is never any half-way measures about the winner of the greatest Santa Monica battle ever held. If it is in the car Teddy gets it out. If it isn't, why of course he cannot get it out. He never hangs back waiting on the other fellow to have trouble."

BY HENRY CHRISTENSEN WARNACK

The gutter again. Come on in, the wallow in fine. Since the problem play drifted from the home to Mrs. Warren's profession nothing has offered a higher brand of sewage than the lurid "Lure," which opened a week's engagement at the Majestic last night. It is advertised as having a strictly one week limit, which is fortunate. It is also a good thing for Los Angeles that the outfall sewer has been completed. Otherwise the combination of the "Traffic" and the "Lure" might have been too much for the chemically pure.

It is really not a lure at all, but a reeking red light. The public is assured by the press agent that it is based on government statistics. Most of us had no idea that government statistics are so nasty. It is about as alluring as a public clinic would be where all the operations were for cancer.

This is not a pleasant simile, but the Lure is not a pleasant play. If it be admitted that it contains some facts a fair report would be that smallpox is also a fact, but nobody pays good money to see the inside of a pesthouse under the most flourishing conditions. The lurid isn't so hard on the heart as it is on the stomach. In staging plays of this kind, theaters should provide private vomitories.

Comparisons, always odious, shrink in taking two subjects like the "Traffic" and the Lure for analogy. The same sick relatives, the same seer-lover who gets lost in the fourth dimension before the second act, the same old landlady of the same old girls' school, of the same old bluff and bulldoze of the political boss who is the silent partner in the whole and retail homebreking business, thread them both.

It is funny how in the first act the good young man comes in upon the weeping girl, almost threatens to love her, which the house understands and the girl never does, and then goes away without any kind of declaration, leaving her to sell herself to the white slavers so that she can get \$5 with which she can buy her dying mother or sister a seashell coat or a silhouette gown.

Well, the Lure springs a surprise on us. The hero is a special agent, which means that he is in the secret service of the government. His right name is William J. Kelly and he is a good actor. It is his sacred duty to save the girl and he does it nobly. He watches her, a brand from the burning, and sets fire to the place, and then pulling it off. He is pitted singlehanded against Jim McGrath and the gang, but he walks away with the goods and wags for more red light to come. He says "white slavers alive, raw and without salt, on the open stage without flinching the thing so that the gapping lead in the audience do not have to flinch a match to witness the interesting performance."

In "The Traffic" with very becoming modesty, the trailer hesitated to place a stamp of genuineness under the Pure Food and Drug Act on the scene giving the interior of a place where the medicine should be if his wife knows it. The same scene in the Lure merits a concession if not a confession. One is obliged to admit that it looks reasonable. Without being a torchlight of beauty it must be conceded that it has its own peculiar show. It also has the ghostly members of the underworld, which is the steady undertone of every illicit place. The authors of both plays seem to have caught this note successfully. Women who say "The Traffic" and who were not sufficiently shocked, may go to the Lure with a guarantee of being appalled.

The manner in which the second of the play's three acts blows out after the tawpess of the first is startling, and is certainly calculated to make the disappointed sit up and take their sociological medicine in an allipathic dose. Charlotte, Granville, as the madame, is to be congratulated on an unbal success in the revolving part, and Jean Temple as the colored maid, certainly fits through the lines like a servile spirit of foulness, ready to spread a good impulse if such a supernatural article should show its pale brow in the premises. Harold Russell as the politician, and Leonard Lee as the sailor, may not have been born for their parts but they have trained up to them, or down to them, which is at least the charitable conclusion.

Beatrice Prentice is the girl, and as such shows the winsome, negative, headstrongness, with no more character than to have fallen for the trap. Indeed, she does not fall for it, she holds it, which often happens in cases of that kind. On the other hand there is no use in saying what you would be would not do about anything until you get there. People are vengeful or cannibals according to what is in sight and how hungry they are. Kelly, as the special agent, and Adolf Link, as the doctor, fairly carry the play.

Like "The Traffic" the Lure is rotten enough to attract the crowd. Meeting over these things, never does help, but there is always enough of the world's human nature to make these plays good business for the box office.

Men hunt elk with torches and the moon call. On the Japanese coast they fish with trained birds, and carry baskets of fire on the ends of their heads and on a level with the water. In the Lure it is different. The women are not lured, they are beaten. Well, it may be better to be lured and not than never to have stoned at all. Anyway, some of us are not sure that even convinced that the world would be all right if it were not for the people who are always trying to save the rest of us.

Just as "The Traffic" at the Lyceum did as R.R.O. business on the night of its opening, so last night did "The Lure" enjoy a land office business. Los Angeles evidently likes the white slave stuff, whether it be on the stage or in the newspapers.

And we all enjoyed the play, though doubtless from different angles. To me, though, the big scream was between acts, when our leading lights foreshadowed in the lobby and told one another where "The Lure" was not true to life. Gee, but some people take chances with their conversation.

Almost the first one on the stage was little Enid Grey, who if I am not mistaken was here in "Excuse Me." In that place she was the life of the party, but in this she almost dies. I like her in the other better.

Also there is Bill Kelly, big as life, and winning all the applause. Moroso wouldn't do the worst thing in the world to grab Kelly for local stock. At that Leonard Lee carries off high honors, for he is the first villain I have heard hissed in a long time.

A wire from Moroso apprises us that he is now really en route for the home town, and that he has captured three big plays by three big authors for us, and in addition has a trunk full of unknowns. Also the name of the new Moroso leading woman.

I ran into Ben Dillon last night, just off the train from Chicago. He wouldn't talk much, but said he wanted to get acclimated before opening his girl show at the Lyceum.

Laurette Taylor has broken New York records for long drama runs. "Peter Pan" went 221 performances, and now "The Boy" has gone over the 220 mark.

I got a peek last night at the new song "Where Everybody Goes," written by George Boyer, manager of the Empress and set to music by Reginald Michael. I make a guess that George is not trying to boost harmony, but the S. & C. attractions.

Joe Howard sets in today to open at Pantages. Half a dozen of his musical shows will be here this season, but they say he has saved his best songs for himself. Joe is a live wire, too, and I expect things are about to happen on Broadway.

Of course tomorrow is Admission Day, which means that the actor folk will have to labor. There will be matinees at all the legit and stock houses and extra shows at the popular-priced vaudeville houses.

HARTFORD IN FRONT.  
NEW HAVEN (Ct.) Sept. 7.—[By A. P. Night Wire.] Today marked the end of the season for the Eastern Baseball Association with the championship going to Hartford, which made a fine up-hill fight for the pennant after a poor start. New Haven, last year's champions, secured a comfortable lead early in the season, but slumped in the last month, finishing second.

GRAND CIRCUS OPENS.  
SYRACUSE (N. Y.) Sept. 7.—[By A. P. Night Wire.] The scene of the Grand Circus races shifts this week to Syracuse, where a meeting will be open tomorrow. Seventeen races comprise the programme and purses aggregating more than \$40,000 have been offered.

Just as "The Traffic" at the Lyceum did as R.R.O. business on the night of its opening, so last night did "The Lure" enjoy a land office business. Los Angeles evidently likes the white slave stuff, whether it be on the stage or in the newspapers.

And we all enjoyed the play, though doubtless from different angles. To me, though, the big scream was between acts, when our leading lights foreshadowed in the lobby and told one another where "The Lure" was not true to life. Gee, but some people take chances with their conversation.

Almost the first one on the stage was little Enid Grey, who if I am not mistaken was here in "Excuse Me." In that place she was the life of the party, but in this she almost dies. I like her in the other better.

Also there is Bill Kelly, big as life, and winning all the applause. Moroso wouldn't do the worst thing in the world to grab Kelly for local stock. At that Leonard Lee carries off high honors, for he is the first villain I have heard hissed in a long time.

A wire from Moroso apprises us that he is now really en route for the home town, and that he has captured three big plays by three big authors for us, and in addition has a trunk full of unknowns. Also the name of the new Moroso leading woman.

I ran into Ben Dillon last night, just off the train from Chicago. He wouldn't talk much, but said he wanted to get acclimated before opening his girl show at the Lyceum.

Laurette Taylor has broken New York records for long drama runs. "Peter Pan" went 221 performances, and now "The Boy" has gone over the 220 mark.

I got a peek last night at the new song "Where Everybody Goes," written by George Boyer, manager of the Empress and set to music by Reginald Michael. I make a guess that George is not trying to boost harmony, but the S. & C. attractions.

Joe Howard sets in today to open at Pantages. Half a dozen of his musical shows will be here this season, but they say he has saved his best songs for himself. Joe is a live wire, too, and I expect things are about to happen on Broadway.

Of course tomorrow is Admission Day, which means that the actor folk will have to labor. There will be matinees at all the legit and stock houses and extra shows at the popular-priced vaudeville houses.

HARTFORD IN FRONT.  
NEW HAVEN (Ct.) Sept. 7.—[By A. P. Night Wire.] Today marked the end of the season for the Eastern Baseball Association with the championship going to Hartford, which made a fine up-hill fight for the pennant after a poor start. New Haven, last year's champions, secured a comfortable lead early in the season, but slumped in the last month, finishing second.

GRAND CIRCUS OPENS.  
SYRACUSE (N. Y.) Sept. 7.—[By A. P. Night Wire.] The scene of the Grand Circus races shifts this week to Syracuse, where a meeting will be open tomorrow. Seventeen races comprise the programme and purses aggregating more than \$40,000 have been offered.

strong and Lapham defeated Hayne and Saville by five up and four, and Hayne looked peevish, he is much better looking when he isn't. Lapham is going to have a formidable task in defeating C. E. Maud, for that gentleman is not only a first-class golfer, but knows ever nook and cranny of the Del Monte course. You see he lives here and plays on it nearly every day—but it is necessary for the shine and condition to be amenable, and all that sort of thing, for Mr. Maud to be really taken in and it may be cloudy.

The scores follow:  
Results of the qualifying round, California championship and Del Monte cups:
